The honourable the Speaker

My dear friend,

*Adjutant and Inspector General's Office,*

*January 25th, 1816.*

SIR,

I have the honour to lay before you, such copies of the records as contain all the information in this office, relative to the resolution of the House of Representatives of the United States, of January 22d, 1816, viz.

A Register of the Army, corrected on the 1st of January last, together with a resolution of the Senate of the United States, of March 2d, 1815, containing a list of all the promotions which have been made in the army since the peace.

No officer is retained on the peace establishment who was not in service during the war, and none have been promoted since the passing of the act for reducing the army.

I have the honour to be,

Sir,

With perfect respect,

Your obedient servant,

D. PARKER,

*Adjutant and Inspector General.*

*The Secretary of War.*

SIR,

IN addition to the official report which I had the honour to lay before you this morning, I take the liberty to state, that there being no 3d lieutenants provided for in the peace establishment, (except in the corps of artillery,) it appears to have entered into the views of the board of officers, who reported a selection, to retain all of that rank who had been promoted from cadets, of the military school; and it appears that none, except those, were brought in from other corps. One 3d lieutenant however, declined remaining in the army on the peace establishment, and 3d lieutenant W. H. C. Wright, was brought in with his original rank in the regiment of light artillery.—He would have ranked all the cadets who were appointed on the 2d March, after the peace. The promotion and selection of cadets seems to have been considered an exception to the general rule, as well by the board of officers, as by the war department.

I have the honour to be,

With perfect respect,

Your obedient servant,

D. PARKER.

*January 25, 1816.*
